**Where Patient Benefit
Takes Priority**

At Nobelpharma America, we recognize no two patients are the same and strive to provide support and assistance to all those in need. The Nobelpharma Connect portal offers a range of resources and services to help individuals with access and information throughout the treatment journey.

Nobelpharma Connect strives to deliver personalized services and support in the following four areas:

General Inquiries and Enrollment

Begin the enrollment process online at nobelpharmaconnect.com. There is also the option to speak with live specialists by calling 1-877-649-3867 during the hours of 8:00 a.m. to 6:00 p.m. ET, Monday through Friday.

Following the patient welcome call, explore patient support opportunities on topics including coverage, benefits, counseling, referrals, and more.

Copay Assistance

Eligibility checks help determine if a patient qualifies for any of Nobelpharma America's patient support programs. Visit nobelpharmaconnect.com for more information on copay support and assistance.

Access to Therapy

Nobelpharma America's Bridge Program aids eligible patients who have an existing prescription but may experience a temporary lapse in insurance.

Our Quick Start Program may also provide a one-time, limited supply at no cost to new eligible patients who experience a delay in insurance coverage.

In addition, the Nobelpharma America Patient Assistance Program can help cover costs for eligible patients with a prescription who may not have insurance coverage or be able to afford their medication.

Ongoing Engagement and Support

Our holistic approach to case management includes proactive outreach for any missing information. Nobelpharma America is committed to helping patients afford their medications.
